DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, line 13, The phrase "may be" is indefinite since it is not positive point out whether the audio/video file or data is accomplished or not accomplished prior to exhaustion of the power ..

In claim 1, line 14, there is a multiple antecedent base for "the power" therefore it is not clear whether the power being referencing to the "remaining power" or the "average power".

In claim 12, line 13, it is not clear whether "insufficient power" being referencing to the remaining power or the average power . Clarifying in claim is requested .

Allowable Subject Matter

2. Claims 1-20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sakaegii et al and Millikan et al teach apparatuses for conserving power during a playback of data.
